Fire, Street **Employes Help Remove Families**

Kibler Reports 5.90 Inches of Rainfall Here

A nightmarish night of record rainfall and wind and electrical storms descended on the Harrisburg area and the results were still here today.

Witnesses told of seeing funneled clouds, trees were uprooted and large limbs torn off, and a sixinch rainfall covered big areas, cutting off communications and driving more than a score of families from their homes right here in Harrisburg

Harrison Kibler, at the pumping station, reported that 5.90 inches of rain fell, sending Middle Fork creek to a stage of 22 feet and overflowing all creeks and streams in the immediate area. This is believed to be a record rainfall here for a 12-hour period.

Families Evacuated

Fire Chief L. G. Martin reported that the entire fire department of three regulars and eight volunteers worked all night, using four boats to evacuate between 25 and 30 families from their homes.

City street department employes rked during the night, us ing the high city street trucks to remove families.

Audie Dewey, who lives in Dorris Heights, reported seeing two tornadic funnels early last evening. He lives in an area where a lot of tree damage was done by the

Don Williams, city commissioner, reported that he saw a funnel in the Herod region when he was driving near the Elizabethtown-Golconda wye on Route 34.

When he got to a point near Herod trees felled by the storm had blocked the road. He said a calf had been blown over a fence and that bark was stripped off fence posts.

No Report of Casualties

A trip to Herod this morning by a Daily Register reporter revealed that an apparent tornado had struck in a wooded area about a mile and a half north of Herod. Trees in the woods were broken off, uprooted and splintered, with one-way traffic over a portion of Route 34.

Residents at Herod said they knew of no damage to buildings in the immediate area but one said he understood a farm home near Derby, occupied by Bob Milligan and owned by Lonnie Hall, was either destroyed or damaged. There was no report of casualties.

Harry Porter, editor of the Hardin County Independent, said his county did not suffer much, except that there was no power in his area. Rainfall probably would not amourt to more than two inches, he said, adding that the only damage he had seen were some trees down on Route 34 near the Karbers Ridge road.

There were reports that Omaha. in Gallatin county, had a big hailstorm

Four Boats in Use

It was difficult to confirm reports because many telephone lines were down and many roads were impassable because they were flooded.

However, right here in Harrisburg the facts were pretty well

A Hundred **Bright Years**

Editorial - BY BRUCE BIOSSAT The beginnings of America's steel industry are reckoned from the time just 100 years ago when Sir Henry Bessemer in England and one William Kelly in Kentucky developed nearly identical ways of producing steel quickly, cheaply and in large quantities.

As it observes its centennial in 1957, the industry can proudly take stock of its great accomplishments for America, the while it is looking ahead to fresh achievement in the century ahead.

This is the industry that has put the rigid backbone in our fabulous skyscrapers all across the land, has flung 60 million cars onto our streets and highways, has provided the sturdy frame of our multiplying factories and made our homes into veritable workshops of automatic machinery.

American steel, too, was the tough muscle that enabled this country and its allies to strike victorious hammer blows at the en- knew they couldn't win without image emies of freedom in two world lke. wars. Today it provides the core 2. Big business, which has re- tounding victory, the Old Guard is hurt of our continuing effort to keep new aggressors in check.

As early as 1890 the U. S. steel industry had pushed to the fore in the world. By January of this year steelmaking capacity had attained the record level of 133.5 million tons annually, or about 40 per cent of the world's total.

The industry employs 675,000 people in 270 communities spread over 31 states. Obviously it is basic to the American economy as is no other activity.

What of the future?

foresees structural marvels of drive the like of which the country stainless steel lending a wholly hasn't seen since the 1930's. new aspect to our great metropolitan centers.

He envisions, too, that steel will play a vital part in the revolutionincredible air transport speeds, still wider use of electonics, solar energy and atomic power in industry. The steelmakers' laboratories already are researching special steels to assist these advances.

American steel's first century has been one of the wonders of industrial civilization. Its second hundred years promise a new cavalcade of progress that should help to lift the living levels not only of live beyond our borders.

The WASHINGTON MERRY-GO-ROUND I DREW PEARSON

DREW PEARSON Says: Modern Republicanism Is Now Dead; Ike Has Lost Control Of Republican Party: Sen. Knowland Now Has A Chance To Defeat Nixon For GOP Nomination.

WASHINGTON. - Most significant fact about the President's battle of the budget is that he is being defeated by the two groups he rescued.

Last year when he was pondering whether a heart attack and an ilietis operation should bar him from running two groups were loudest in demands that he make the sacrifice. They were:

1. Old Guard Republicans who

THE OLD GUARD NOW CONTROLS

Today, as one result of taking their advice, complete control of the Republican party has gone back to the Old Guard. Control of the party was sometime they had had for years, and they wanted it back again. They lost it in 1956. In 1952 they didn't lose it. In that election modern Republicans had to organize citizens for Eisenhower in order to circumvent the Old Guard.

But in 1956, modern Republicans assumed control, and on the night he won, November 6, the reelected President proudly announced his intention to remake the Republican party in his own

Arab Monarchs Huddle - Division in the Arab world is growing. King Faisal of Iraq expressed the view to King Saud of Saudi Arabia, during their huddle in Baghdad, that Egyptian Dictator Nasser must be blocked from taking over the whole Arab world. Faisal is convinced Nasser has become so dependent on Russia that he is little more than a Red puppet. King Saud is determined. however, to avoid an open break with Nasser. He kept reminding his fellow monarch that the Arab world's number one enemy is still Israel.

Ike Frowns on Pork Barrel -Ike told congressional leaders pri- 11:00-Sign Off vately that if they really believe in economy, they will let him veto pet projects in their home states. He wants the right to kill items in the appropriations bill he doesn't like-instead of vetoing the whole bill. The item veto would give Ike the power to turn down local pork barrel projects that now pad the government's spending program-but which also get congressmen re-elected. Speaker Sam Rayburn replied bluntly that Congress has no intention of abdicating its fiscal power.

Trouble In Russia-U. S. diplomats report there's confusion among Soviet bureaucrats over the drastic reorganization of Russian industrial planning and management. Up to 100,000 Soviet officials are going to be moved to the hinterlands in a desperate effort to get more efficiency. Soviet bureaucrats are openly grum-Today, six months after that as- bling. Free inspections, \$5000 damage

Thursday May 30 Surrounded by friends.

We are lonesome.

blue, With a smile on our faces

We have heartache and longing, Dear Mother and Father for you. Sadly missed by the children.

In Memoriam In loving remembrance of our

dear brother and son, Wendell W. Elms, who passed away on May 22, nine years ago today: A precious one from us is gone, A voice we loved is stilled,

A place is vacant in our home Which never can be filled, Some may think you are forgotten Though on earth you are no more, (3) For Rent

But in memory you are with us, As you always were before.

VFW POPPY QUEEN, Miss Mary Lou Konstans, visited Harrisburg Tuesday afternoon. Her

visit, part of a state-wide tour to encourage the purchase of VFW Poppies Saturday was sponsored

in Harrisburg by Beasley-Murray Post, Veterans of Foreign Wars, Cecil Cusic commander. She was accompanied to Harrisburg by her aunt, Miss Evelyn Georgieu, VFW Commander John Englander

and Public Relations Director Sheldon Heiman. The touring party was met in Harrisburg by a police automobile, the HTHS marching band and VFW Honor Guard. A parade around the square preceded a brief welcoming ceremony on the steps of the post office, with County Judge Trafton Dennis master of ceremonies. Miss Konstans and Commander Englander told of the Poppy sales and urged every-

one to purchase a VFW Poppy Saturday-"Honor The Dead By Helping The Living"-was the theme

of their remarks. The Harrisburg Junior Police participated in the welcoming ceremonies, along with the city, civic and school groups. The party then moved to the VFW home, with Miss Konstans, Commander Englander and other members of the party, entering the home between the VFW Hon-

or Guard and Auxiliary Color Guard. A reception and luncheon was held in the late afternoon.

> that in print." The mayor then declared the meeting adjourned.

At the last meeting a petition signed by 61 persons, chiefly business men, asked Gibbons and Darnell to stop their court action which seeks to oust Williams on grounds he was duly elected the commissioner, that despite the fact he has moved outside the city limits he still has his business in the city and has the city's interests at

Survey for Lights

Before the pyrotechnics, the council voted that Commissioner Sneed Jordan should work with a C. I. P. S. lighting engineer on possible spots for new mercury vapor street lights to replace the ornamental boulevard lights uptown, if the city decides to secure this type of lighting.

Tom Davenport of the Harrisburg Junior Chamber of Comfound that some of the children merce, who last meeting brought up the idea of getting the modern street lights uptown, brought William Hopkins, Harrisburg group superintendent of the C. I. P.S.,

Hopkins said that if the city had plans on where lights were wanted, he would take up the matter with his company. At that point Mr. Jordan said he would aid in a survey if he could get some technical help from a C. I. P. S. engineer, and this was promised. He will report back to the council. In another action the Harris-

burg Fire department was given the go-ahead sign by the council in installing a system to contact firemen after the dial system is installed. Now an operator calls regular

and volunteer firemen, but when the dial service starts around Sept. 1, this will not be done. Inspect Other Systems Millard Lynch, Harrisburg dis-

phone Co. of Illinois, told of going with Martin to West Frankfort to inspect their system, which has been successful. Under this system, when a fire

call comes into the fire department, a large amplifier is turned on when the telephone receiver is Marion police used five motor taken from the hook. The firemen repeats the address received and the amplifier sends the address to loudspeakers by way of telephone wire in the homes of fire-

Lynch said the company's franchise will permit the line rental to free with a minor adjustment or two in the phone service and estimated the cost of amplifier and loudspeakers to be around \$600, maybe a little higher due to increased costs the past few years. Under the system outlined, there would be ten units available to

taled 5.77 inches by 6 a. m. today. Streets and some business places

The president of D-X Sunray announces a great new scientific discovery

Benediction, Rev. Feazel.

Recessional, Guy Malin.

Principal J. S. McMurtry.

tion-Edward Hines, George Ayd-

elott, Virgil Alvey, Harold Porter,

For many years intensive research has been devoted to the chemical element boron. Until recently boron has been little known to the public, but scientists have long

considered it a potential source of great energy. This intensive research on boron has led to its use in jet fuels, and it is being tested now for powering intercontinental guided missiles.

D-X Sunray scientists have kept abreast of this research in an effort to produce a better motor fuel for you. Now, as a result of expanded research facilities, a ten-million-dollar investment in refining equipment, and hundreds of thousands of miles of test driving, we have perfected an entirely new motor fuel. I am proud to announce D-X Boron!

D-X Boron Motor Fuel is an extremely important discovery to every motorist. With D-X Boron you will enjoy more power per gallon than from any automotive fuel available today. D-X Boron will obtain maximum road performance from your car-new or old.

It has always been our policy at D-X Sunray to guarantee all of our products unconditionally. D-X Boron is no exception. I personally invite you to visit your neighborhood D-X dealer

and try this great new motor fuel today.

igel conceded gloomily, "but if doesn't matter who's pitching hitting any of 'em.'

The Yankees have dropped three of their last four games and in each of those defeats they scored only one run.

Whitey Ford, making his first Pierce, who struck out eight bat- start since May 4. Jim Rivera sinters to take over the American gled home the first run, Bubba League lead with 45 strikeouts, Phillips drove in the second with said it was "the best game" he a squeeze bunt and Pierce singled home the third.

Reno Bertoia, Detroit's big surprise this year, singled home the winning run with two out in the 16th inning in the Tigers' 2-1 victory over the Orioles; Camilo Pascual pitched his first major league shutout and the first by a Washington pitcher this year to defeat Kansas City, 3-0, and Cleveland beat Boston, 8-2, with the aid of five Red Sox errors.

In the National League, southpaw Johnny Podres hurled Brooklyn to a 6-1 decision over Cincinnati; the Cubs nipped the Giants, 4-3; Milwaukee and Philadelphia 4-3; Milwaukee and Philadelphia played to a 1-1 tie before rain Phone 678 caused the game to be called after five-and-a-half innings, and the Pittsburgh - St. Louis game was washed out by rain.

Bertoia's 16th inning single off reliever Mike Fornieles scored Paul Foytack from second with the run that broke up a deadlock which had existed since the sixth. Ray Moore pitched the first 15 innings for the Orioles, allowed only eight hits, and accounted for Baltimore's only run with his third homer of the season in the third

Pascual struck out eight men and gave up seven hits in beating the Athletics. Rinold Duren, the Kansas City starter, retired the first 15 batters in order, then gave up a homer to Lou Berberet in the sixth. The Senators scored another run off him in the seventh and their final run off reliever Virgil Trucks in the eighth.

Homer Helps Wynn

Chico Carrasquel's grand - slam homer helped Early Wynn to his victory over the Red Sox. Wynn pitched a seven-hitter for his fifth victory while Dave Sisler was the loser. Shortstop Billy Klaus, who committed three of Boston's er-Buy a Ticket and Take a Friend rors, had to leave the game in the seventh inning when he was hit in he face by a ground ball.

Podres scattered nine hits and did not walk a batter while leading the Dodgers to their fifth straight victory. The only run off him was Ed Bailey's second inning homer. PeeWee Reese and Sandy Amoros homered for Brooklyn. Hal Jeffcoat was the loser.

Cal Neeman's ninth inning single scored Jim Bolger from second with the run that gave the Cubs their first home victory of the season. Stu Miller of the Giants had a 3-2 lead going into the ninth but an error by third baseman Foster Castleman set the stage for the Cubs' triumph, credited to reliever Turk Lown. Willie Mays stole home and also homered for the

Don Cardwell of the Phils and Gene Conley of the Braves were locked in a pitchers' duel when rain halted the game. It will be replayed at a later date.
